Art Unit: 2665

1. The following is an examiner's statement of reasons for allowance:

The subject matter of the claims is allowable over the prior art of record because all prior arts fail to teach or suggest a system and method for providing automatic configuration of a mobile host in a wireless local access network (WLAN) environment including a plurality of access points, providing: a WLAN interface for connecting said mobile host to one of said access points, a database for storing network profiles of said access points, a configuration agent for automatically configuring said WLAN interface using said network profiles; a GPS agent for keeping track of the current geographic location of the mobile host; an information gateway communicating with GPS agent, said database and said configuration agent to provide said network profiles from said database for said access points close to said current geographic location of said mobile host to said configuration agent, and a heterogeneous access agent providing communication means between said information gateway, said GPS agent and said configuration agent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
